

“Who shall change our vile body, that it may be fashioned like unto his glorious body, according to the working whereby he is able even to subdue all things unto himself.”

(Philippians 3:21)

May Be Fashioned

We have run several articles addressing the topic of trans-humanism, CRISPR technology, gene splicing etc.

All this genetic engineering and dabbling is being done under the guise of the “medical benefits” to mankind.

One of the main questions that arise is why would the elites, whose aim is to destroy the majority of people on this planet want to do something that will benefit us? They don't. It is a complete ruse.

The reason they are doing this research is for their own benefit in their quest to become immortal.

In the first video below, Dr. John Sanford does a very good and simple job of explaining genetic entropy and the reason why we age and die.

He also explains how, with each passing generation that gene mutation occurs, rather than improving, gene mutation has been degenerating showing that man has nowhere the capabilities of his ancestors.

Science so called, and especially evolution, would try and teach us that the opposite is the truth, that man is evolving into a higher species when in fact man is degenerating into a lower species.

It was not that long ago that science was telling us that over ninety percent of our DNA was what they called “junk” DNA.

I do not believe that God makes “junk” DNA.

After the fall of Adam and Eve the human body was radically altered. While man was created an immortal creature, (Romans 8:19-21), after the fall his body became subject to death, disease, and all kinds of problems.

Is it possible God simply switched off or altered man's DNA?

As we have pointed out before, the devil has no new ideas but can only try to imitate what he has seen God is capable of doing.

Is trans-humanism with its genome manipulation an attempt by Satan to reverse the process of DNA degeneration in his attempt to bypass God by offering mankind eternal life and could this all be somehow connected with the “mark of the beast”?

“Verily, verily, I say unto you, He that entereth not by the door into the sheepfold, but climbeth up some other way, the same is a thief and a robber, "I am the door; if anyone enters through Me, he will be saved, and will go in and out and find pasture.” John 10:1, 9

If God turned the genes off could he turn them back on again?

“Behold, I shew you a mystery; We shall not all sleep, but we shall all be changed, In a moment, in the twinkling of an eye, at the last trump: for the trumpet shall sound, and the dead shall be raised incorruptible, and we shall be changed.” 1 Corinthians 15:51-52

Is it possible the God could even reverse some of this genetic degeneration during these last days? We don't know, but with God all things are possible. Matthew 19:26

"And it shall come to pass afterward, that I will pour out of my Spirit upon all flesh
And I saw another angel ascending from the east, having the seal of the living God: and he cried with a loud voice to the four angels, to whom it was given to hurt the earth and the sea,

Saying, Hurt not the earth, neither the sea, nor the trees, till we have sealed the servants of our God in their foreheads.

But the people that do know their God shall be strong, and do exploits.” (An act or deed, especially a brilliant or heroic one.)

And if any man will hurt them, fire proceedeth out of their mouth, and devoureth their

enemies: and if any man will hurt them, he must in this manner be killed.
These have power to shut heaven, that it rain not in the days of their prophecy: and have power over waters to turn them to blood, and to smite the earth with all plagues, as often as they will." Joel 2:28, Revelation 7:2-3, Daniel 11:32, Revelation 11:5-6
