

So 2012 may indeed herald 'the beginning of the end,' but not the final end itself. Then again, this may be even further off. Only time will tell, but it is most certainly coming at some point, as this is what the Bible has predicted. It has never been wrong yet in any of its incredible prophecies, many of which have already been fulfilled.

But the wonderful thing about all this is that the Bible says that this will not be 'the end' of the world, but actually just the start of a 'new beginning.' Jesus will return to set up an 'Eternal Kingdom' which will never be destroyed. He wants every man, woman, and child who has ever been born, or lived in this suffering old world to be there with Him, in the glorious new paradise that He will soon re-make, after this coming time of great difficulties.

Jesus Christ died on the cross 2,000 years ago, and gave His life as a sacrifice to save the entire world - everyone who has ever lived, and to grant to us all the 'free gift' of ETERNAL LIFE! He wants everyone to be saved and reached with this message. The only way to escape the traumatic events that are coming; the "only way out" is through receiving Jesus.

He wants you to become a member of God's Family, and to live forever in paradise, never to face death again! All you have to do is ask Jesus to come into your heart and life, and He has promised that He will, for everyone that asks in sincerity.

You are then guaranteed to be cared for by Him and protected through this coming time of calamity, and He will

return for you to receive you into His glorious Kingdom before the greatest and most terrifying of these coming disasters occur, in a marvellous event known as 'the Rapture.'

John 3:16 says that "God loved the world so much that He gave His only begotten Son, that whosoever believes in Him should never perish, or die, but have EVERLASTING LIFE" and Romans 10:13 says, that "whosoever shall call upon the Name of the Lord (Jesus Christ) SHALL BE SAVED!" So please give Jesus a chance today, and ask Him in to your heart.

## Is It the End?

"EARTHSHAKER"

(Excerpts from the FREE on-line book - Details on back)

Many people are becoming increasingly aware that things seem to be going terribly wrong in our present, rapidly changing world. There seems to be an alarming rise in destructive earthquakes, volcanic activity, giant solar storms, record hurricanes, tornadoes, and violent weather in all forms producing unprecedented floods, droughts, and resultant crop failures. In general, very bad things appear to be coming our way

on the horizon. Instead of world peace being ushered in, as many had hoped for, we now face the risk of increased terrorism, as well as rising tension between many of the world's leading nations, which may lead to future horrific and destructive wars.

We are facing the worst economic troubles we've seen in decades, with many who have lost their jobs and homes now living in despair. Almost

everyone senses that something very dark, ominous, and foreboding is settling over our planet. It seems at times that the whole world has gone completely mad and that it is headed straight off the tracks for a huge train-wreck!

'2012' as well as a host of other apocalyptic-type movies depict soon-coming "end of the world" scenarios and cataclysmic disasters. These films tend to produce a very real and underlying fear in the hearts of many.

Also much of the scientific research and television documentaries that have been made recently seem to back these movies up in their portrayal of these coming events.

Shows such as The History Channel, The Weather Channel, National Geographic, and others, are predicting soon-coming "mega-disasters." These destructive events of large asteroid and comet impacts, meteorite showers, and enormous solar flares have the capacity to wipe out our modern power grids. In combination with the earthquakes, volcanic eruptions, tsunamis, hurricanes, tornadoes, and a myriad of like and related events they could all work against man's survival and that of the earth's fragile environment.

Well, believe it or not, according to the Bible, these movies may not be so far off in their graphic portrayal of

certain future events. It is predicted that these disasters will only continue to increase in frequency and intensity. Certain Scriptures in the Book of Revelation give a vivid account of what has already been described including the huge solar storms coming off the sun and burning the earth with great heat, and even nuclear war.

There are Scriptures in the Book of Isaiah that speak of a coming great earth-shaking 'polar shift' that will crack tectonic plates all over the world, and cause near total destruction. It was recently reported on the news that the earliest stages of this coming 'polar-shift' have now begun, and that the North Pole is "wandering into Siberia!"

Verses in Matthew Chapter 24 also state that as we near 'the end' there will be a dramatic increase in earthquakes, global wars and terrorism, coming world-wide drought, crop failure, famine, and outbreaks of plague and disease. The Books of Isaiah, Ezekiel, and Revelation speak of a final earthquake so great, that it will level and destroy every city in the whole world, along with all the mountain ranges. Such destruction is almost unimaginable, and is portrayed quite well in the dramatic movie 2012!

Prophets of old have also described what we would now refer to as UFOs. All throughout history 'sightings' have been linked with major disasters and wars. Is the increase in sightings of UFOs today another warning of what is to come?

"And I looked, and, behold, a whirlwind came out of the north, a great cloud, and a fire infolding itself, and a brightness was about it, and out of the midst thereof as the color of a amber, out of the midst of the fire."

"The appearance of the wheels and their workings was like the color of beryl, and all four had the same likeness. The appearance of their workings was, as it were, a wheel in the middle of a wheel." (Ezekiel 1:4, 16)

Also, many believe that the prophecies of the 'Mayan Calendar' put the 'end of the world' as being December of 2012. But, according to the Bible the world cannot end just yet, as it speaks of a final 7 year period coming soon, in which a ruthless tyrant known as the Antichrist will rise to rule the world before the

end finally comes.

He will come on the of peace,' even bringing Israeli/Palestinian that he will

people to temple, practice their religion as they did

in the days of old. This will not last as halfway

will set up an

image of himself in this temple,

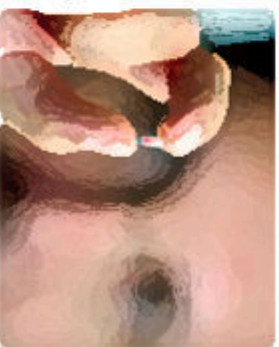

and actually sit in the temple declaring himself to be God.

This will begin the most terrible time in the history of the world, as he begins to persecute and kill many Christians, Jews, Muslims and people of any other religion that refuse to go along with his demand that they worship him as God. At this time he will institute the infamous "mark of the beast," that many of you have probably heard about, in which people will be forced to take a "mark" in their right hand or forehead, without which they will not be allowed to buy or sell, or to carry on the normal tasks of daily living.

This may well be one of the new micro-chip implants such as the 'Vert-chip' system, or something similar. A new tattoo-bearing "wafer" style chip was just recently invented that goes on the outside of the skin now. So one of these new scientific advances may most certainly be the fulfillment of this prophecy of old, spoken of in the Book of Revelation.

It is at this time that most of these terrifying endtime events, spoken of above, will begin in earnest. The fact that we are beginning to

notice a tremendous rise in some of these things even now, may be the signal that we are getting ready to enter this period, which Jesus referred to as "the beginning of sorrows."
